

South coast

*This dance so mighty perfect.
This night with you on the beach.
You look so gorgeous in the moonlight.
Shine like a star at the sea.*

*The stars, sea surround you.
Our music sings within me.
Tiny light twinkling in your eyes.
You move like a happy soul.*

*You are my beauty.
You are my darling.
Come a bit closer,
touch and feel me.
Let's make love,
feel like angels.
Love each other all the time.*
